The Department of Natural Resources, at the end of the first five (5) year period, from the date hereof and at the end of each subsequent five (5) year period of the lease term shall determine the true value in money of the herein described harbor area, exclusive of the improvements thereon unless the improvements are state owned in which case they shall be included, which value shall be the value at which the property would be taken in payment of a just debt from a solvent debtor and such valuation shall be utilized in the computation of rental for the five (5) year period following.

Upon expiration or termination of this lease without renewal or re-lease by the Lessee of any portion of the harbor area described herein containing improvements, all such improvements shall belong to the State.

The State of Washington reserves unto itself, port district, county, city or other public agency in the territory where the portion of the harbor area described in this lease is located, the right to assume and thereafter hold this lease upon acquirement of the tidelands contiguous thereto and fronting thereon, without any value for said lease except for improvements thereon.

The Lessee_____ shall not make or suffer to be made any artificial filling in of said leased area or any deposit of rock, earth, ballast, refuse, garbage or other matter within such area, except as provided by law or as approved in writing by the Department of Natural Resources.

If the said Lessee_____ shall fail to pay to the State the rental hereinbefore provided on the date when the same is due, or within sixty days thereafter, the Department of Natural Resources may declare this lease terminated and all rights or claims of the said Lessee_____ under this lease in and to the said area or in or to any improvement therein or thereon, shall immediately thereupon vest in the State of Washington.
